ROSSER & MCCARTHY,

TO WHOM ADDRESS ALL COMMUNICATIONS

TO-DAY'S ADVERTISEMENTS.
D. M. Runyon—Cash dry goods house.

TO-MORROW when the bells ring out
Churchward you should go,
To pray, of course, and then to see
Old Maysville's Jersey show.

The sidewalk at Limestone bridge is
being repaired.

Birds and rabbits are reported to be
very numerous in this neighborhood.

The City Council has contributed \$100
for the relief of the Hord's Hill sufferers.

Mr. CHAS. MARTIN, road master of the
street railway, has been removed and is
succeeded by Mr. Richard Key.

One part of sulphuric acid to two hun-
dred of water is said to be the best of all
disinfectants for yards that have been
visited with chicken cholera.

The other day when the lightning ran
along the wire into the Maysville tele-
graph office, John Gibson thought that a
phenomenal man was at work on a hasty
message. "Don't send so fast," he pro-
tested.

A HOGHEAD of tobacco grown by John
Figgins, of the Augusta precinct, was
sold at Cincinnati last week for \$30 a
hundred pounds. This is the highest
price received this season for tobacco
grown in the Mason district.

CHARLES BROCKMAN, who is confined
in the jail at Brooksville to answer the
charge of rape, was detected a few days
ago in an attempt to escape. A search
disclosed that somebody had provided
him with a saw and revolver.

The marshall of Maysville has reported
to the council that he has assessed for
taxation about one hundred of the city
hogs. He has done good work but there
remains about one thousand nine hun-
dred more to be assessed before his labor
is completed.

HAUCKE's reed and brass band will go
to Cincinnati on Sunday by the steamer
Queen City on an excursion. The boat
will leave Maysville at eight o'clock.
The people of Cincinnati will thus have
an opportunity of hearing one of the
best bands in the country.

Mr. D. M. RUNYON, proprietor of the
new cash dry goods store, announces
elsewhere some attractive bargains for
Monday next. The prices offered are
very low, and the articles to be sold are
of good quality. The ladies are invited
to call and inspect the stock. See ad-
vertisement.

To remove fish bones from the throat,
Professor Vololini, of Breslau, recom-
mends a gargle composed of muriatic
acid, four parts; nitric acid, one part,
and water, two hundred and forty parts.
The teeth have to be protected by lard or
oil. The fishbones become flexible, and
they disappear entirely after a short
time.

The following is from the Bracken
Chronicle: Dr. T. S. Bradford, assisted
by Dr. H. K. Adamson, of Maysville,
and Drs. McCormick and Moneyhon,
this city, amputated Mr. Evans' little
daughter's limb last Tuesday. She has
been an invalid for years from white swell-
ing, and the affection had progressed so
much that amputation had to be resorted
to, to prolong life, and it is hoped pro-
duced permanent recovery. At last ac-
counts the patient is doing well.

THREE stores and the postoffice at
Rome, O., were broken into on the night
of the 4th inst., by thieves and \$150 in
money and a considerable quantity of mer-
chandise stolen. The thieves subsequently
stole a skiff and going down the river
landed four miles below Manchester.
Here they attempted to sink their boat,
and concealed five sacks containing the
stolen property in the willows near
where the landing was made. The
thieves escaped but are closely pursued
by a posse of citizens and it is expected
their capture will be made to-day.
